Introduction

- 1 This policy sets out a structured approach to reviewing and destroying records in relation to Windsor Academy Trust (WAT).
- 2 The retention period for each type of record is shown in the table below. In addition, data protection legislation makes it unlawful to keep the information when it is no longer needed for the purpose for which it is held. This requirement allows discretion and may vary according to the circumstances, but in practice it means that WAT should promptly destroy the record once the retention period in the table below has been reached. Occasionally there may be special circumstances which mean that a record should be kept for longer (for example where there is a risk of litigation or a request from an outside body such as the Independent Inquiry into Child Sexual Abuse (IICSA) see below). WAT will refer to its insurance policies and further legal advice will be sought in these circumstances.
- 3 The retention periods stated in the table below are the minimum storage requirements, in practice WAT carries out a data cleanse of its files every 12 months. Accordingly, a 3 year retention period means 3 years plus up to 12 months to allow WAT to securely dispose of the information.
- 4 Information must be securely deleted. This applies to paper records, electronic information and biometric information and we may use a third party to safely dispose of records on the trust's behalf. If we do so, we will require the third party to provide sufficient guarantees that it complies with data protection law.
- 5 WAT will discuss document retention with its insurers (who may specify longer retention periods). If there is any conflict then any longer retention periods specified by the insurers should prevail.
- 6 If an email falls into one of the categories set out in the following table then it should be filed centrally as soon as is reasonable.
- 7 "Routine" emails which do not fall into any of the categories in the table should be reviewed regularly and as a minimum on an annual basis and deleted when no longer required. An example of a routine email is an internal email advising staff that the weekly meeting is cancelled.
- 8 **Independent Inquiry into Child Sexual Abuse (IICSA)**
 - 8.1 The IICSA has issued retention instructions to a range of institutions regarding records relating to the care of children. In light of this, current legal advice is that WAT should temporarily cease the routine destruction of those records which might be relevant to the Inquiry in case they are requested by the Inquiry or made subject to a disclosure order. This means that before destroying **any** document you should consider if it contains information that may fall within the Inquiry's remit.
 - 8.2 The range of documentation which might need to be kept is wide. It will include any information linked to alleged or established child sexual abuse, whether by staff, volunteers or pupils with no limitation date. For example, a list of pupils who attended an overnight academy trip or admission registers which show which pupils were at WAT at a given time. As such, documents should be kept for longer than the retention periods listed in the policy if they concern information which might be relevant to the Inquiry. The retention periods under **each** of the rows below should be reviewed in case they are relevant to IICSA. This policy will be kept under review so that it recommences document destruction at the appropriate time.

9. **Responsibility and Monitoring**

- 9.1 The Data Protection Officer, in conjunction with WAT or the School is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to the Chief Operating Officer (COO) or Headteacher.
- 9.2 Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.
- 9.3 Leaders and Managers at all levels are responsible for ensuring those reporting to them are made aware of and understand this policy and are given adequate and regular training on it.

	Record	Retention period	Action at the end of the retention period	Retention period required by law?

1.1	Admission registers (however held)	Three years from the date of the last entry	Transfer to the archives and shred or delete copies and back-ups	Yes

1.3	Child protection records	DOB of the pupil/student + 50 years	Review for further retention in the case of contentious dispute SHRED/DELETE Notes 1 Child protection information must be copied and sent under separate cover to the new academy whilst the child is still under 18. WAT should ensure secure transit and confirmation of receipt should be obtained 2 Where a child is removed from roll to be educated at home, the file should be copied to the Local Authority (LA) 3 In accordance with the terms of reference of the Independent Inquiry into Child Sexual Abuse all academies are required to retain information which relates to allegations (substantiated or not) of organisations and individuals who may have been	No

			involved in, or have knowledge of child sexual abuse or child sexual exploitation; allegations (substantiated or not) of individuals having engaged in sexual activity with, or having a sexual interest in, children; institutional failures to protect children from sexual abuse or other exploitation. 50 years from the date of birth of the pupil/student involved should be a sufficient period of retention but this should be kept under review

2.2	Internal examination scripts, marks and results	Scripts: Scripts from weekly or monthly tests: Keep until the end of the next term. Whichever is the longer	Keep for longer in accordance with the retention periods and guidance set out in row 2.1 above if risk of contentious disputes, for example, parental complaints, disciplinary matter, pupil/student exclusions, bullying incidents and subject access requests.	

		<p>Scripts from termly or yearly tests: Keep until the end of the next academic year.</p> <p>Marks & results: If the purpose of the test is to progress the child (either internally or externally) then keep marks & results in accordance with the retention periods and guidance set out in row 2.1 above. If the purpose of the test is for general internal assessment of academic performance then keep marks & results for the same period as the scripts themselves.</p>		
2.3	External examination certificates	<p>Distribute all certificates to candidates without undue delay.</p> <p>Certificates will not be withheld without prior permission of the awarding body.</p> <p>A record is to be held of the certificates which have been issued.</p> <p>Confidentially dispose of the unclaimed certificates after a minimum of 12 months.</p> <p>Return certificates to the awarding body if there are no means to destroy them confidentially.</p>	SHRED/DELETE

Records of anyone with child protection concerns (even if not proved) should be retained	No
5.3	Single central register (SCR)	There is no legal requirement to keep the SCR entry for staff who have left as it ceases to be relevant for inspection purposes. Many academies move the entry on to an	Review whether further retention is necessary. If so, these reasons must be documented. If not SHRED/DELETE	No

		<p>archive register whilst others keep a list of the checks carried out on the personnel file instead and retain that in accordance with their retention policy. As there is no statutory requirement to keep this information in this form it should only be kept for as long as is necessary. As it ceases to be relevant for inspection purposes WAT will consider and document why it is necessary to keep it for a particular length of time. Should WAT be notified of a historic abuse claim or should a former member of staff commit offences elsewhere WAT may need to demonstrate that it carried out all required checks prior to work starting, when they were carried out and by whom. This information could also be requested in relation to the IICSA. As a consequence best advice is to retain the SCR entry for each former member of staff indefinitely either on an archive SCR or within the personnel file.</p>

	to the Teachers' Pension Scheme

5.14	Consents for the processing of personal data and sensitive personal data (known as special category personal data under the GDPR)	For as long as the data is being processed and up to six years afterwards For consent to be valid it must be "freely given". Therefore, WAT will be very careful before asking employees to consent to their data being used in a particular way. In the vast majority of cases it is not necessary to obtain the employee's consent before using their personal data.	SHRED/DELETE	Yes
